## **Public Works**

Water tower has been inspected and cleaned. A lot of piping was replaced. It was drained to the bottom, pressure washed, sanitized and new valving installed. We are buying water cheaper from Highland but we still need to meet the minimum requirement for Bond Madison, who has one tower down. Our tower is now feeding Silver Lake Road and from Rte. 160 to the end of the curves. The curves residents should be getting average to high water pressure now. The Village Power bill will be higher. We would like to

purchase a standby generator for the tower. There should be grants out there. The cost would be approximately 24K. We will also look into solar panels.

### **Old Business**

Business License. Illinois business authorization numbers are required. We need to know who is conducting a business in the Village. We want to promote businesses because we want growth. There should be an initial license application then an annual registration. No grandfather's clause for current businesses. Solicitors should pay more than regular businesses. Carla would like to revise the ordinance and re-present it next month. It is important to have basic information for all businesses operating in the Village for code enforcement and tax revenue purposes. E-mail the ordinance to Carla. Monday, the 20<sup>th</sup>, meet for ordinance revision at 7:00.

The Mobile Vet will come here to spay cats at \$100.00 per. We need to decide how many and how often. There may be grants available through Madison County Humane Society. Another option would be to set traps and find farms to relocate. Katie Scott to be head of the Cat Committee. Phil, DeDe and Sydney have traps.

Non-highway vehicle driving permits. Sydney contacted the surrounding villages and the highest permit cost was 35.00. Blinkers and horns are extra kits and costly. Hand or turn signals must be seen and this should be specified in the application. Anyone driving through town should have a permit. Start with the annual fee of 25.00. It can always be changed next year. Remove 24.19 from the Motor Vehicle Code Citation From. Violations will be issued either via State or Ordinance. The Motor Vehicle schedules need to be updated. E-mail our Codification official Frank to see if the codes are accurate.

Permits do not have to be different for Alhambra and Grantfork. Will be able to tell which Village by the placement of the sticker. The Grantfork sticker is to go in the middle of the slow moving orange triangle on the back of the vehicle.

Table the attorney discussion until Nancy returns.

### **New Business**

December 6<sup>th</sup>, Santa to be at the Village Hall from 1-3. Put signs on the firetruck inviting the public to join the party at Village Hall. New Christmas lights should be put up on the main drag. Lights to be up by Thanksgiving. Light repair session (check decorations and lights) at the shed on November 15<sup>th</sup>.

### **Adjourn**

Carla motioned to adjourn, Katie seconded. All in favor. Meeting adjourned at 9:05.
